Academic Session: ACAD22/23
Name: Mr Ikechi Loveday Ogbujah
Programme: 8107,1,1 - MSc Data Analytics (Year 1)
Decision: **AIMED AWARD**
Award Title: **Master of Science in Data Analytics with Merit**

Result Released: 29 September 2023
Registration No: 202284532

Decision Date: **26 September 2023**

Class Results approved on 26 September 2023:

Session	Class	Att#	Mark	Result Outcome	Credits
ACAD22/23	MS983 DISSERTATION IN DATA ANALYTICS	1	69	Pass	60
Total Credits Awarded on 26 September 2023:					60

Congratulations, you have qualified for the award of **Master of Science in Data Analytics with Merit**.

In reviewing your academic performance, the Board of Examiners has considered any personal circumstances that you may have submitted during the academic session, provided that this information has been submitted in accordance with the requirements and deadlines set out in the University's Personal Circumstances and Academic Appeals Procedure (available at <http://www.strath.ac.uk/studentlifecycle/appeals/>).

Details of the award you have achieved will be submitted to UK Visas and Immigration (UKVI) if you are eligible to apply for further immigration permission under the **Graduate Route**. For information on applying under the Graduate Route scheme and to check the eligibility requirements please visit <https://www.strath.ac.uk/studywithus/internationalstudents/whileyourehere/workingafterstudies/graduateroute/> .

WHAT TO DO NOW

Check what this decision means to you - find out more from our FAQs at <https://www.strath.ac.uk/exams/examboardsandresultsfaq/> .

If you wish to **appeal** this decision, your appeal must be received in the relevant Faculty Office **no later than 2 weeks after the date you were notified of this decision** (Result Released date). Further information, including our appeals policy and procedures, can be found here: <http://www.strath.ac.uk/studentlifecycle/appeals/> .

You have enrolled to graduate - visit our graduation pages at <https://www.strath.ac.uk/studywithus/graduation/> for information on ceremonies and everything you need to know about graduation.

Master's degree

CREDENTIAL ANALYSIS

1. Name on Credential:	OGBUJAH, Ikechi Loveday
Credential Authentication:	<i>Documents were verified by the institution</i>
Country or Territory:	Nigeria
Credential:	West African Senior School Certificate
Year:	1996
Awarded By:	West African Examinations Council
Status:	Recognized Institution
Admission Requirements:	Junior School Certificate
Length of Program:	Three years
Major:	General Academic
Canadian Equivalency:	Secondary school diploma

2. Name on Credential: OGBUJAH, Ikechi Loveday
Credential Authentication: *Documents were verified by the institution*
Country or Territory: Nigeria
Credential: National Diploma
Year: 1999
Awarded By: Yaba College of Technology
Status: Recognized Institution
Admission Requirements: West African Senior School Certificate
Length of Program: Two years
Major: Electrical Engineering

Canadian Equivalency: Diploma (two years)

3. Name on Credential: OGBUJAH, Ikechi Loveday
Credential Authentication: *Documents were verified by the institution*
Country or Territory: Nigeria
Credential: Higher National Diploma
Year: 2002
Awarded By: Yaba College of Technology
Status: Recognized Institution
Admission Requirements: National Diploma
Length of Program: Two years
Major: Electrical Engineering

Canadian Equivalency: Diploma (three years) and postgraduate certificate (one year)

4. Name on Credential: OGBUJAH, Ikechi Loveday
Credential Authentication: *Documents were verified by the institution*
Country or Territory: Nigeria
Credential: Master of Business Administration
Year: 2019
Awarded By: Pan-Atlantic University, Lagos
Status: Recognized Institution
Institution Attended: Pan-Atlantic University Lagos
Admission Requirements: Bachelor's degree
Length of Program: Two years
Major: Business Administration

Canadian Equivalency: Master's degree

WES EVALUATION TERMS

Evaluation Scope: World Education Services (WES) evaluates only formal educational credentials issued by duly recognized educational institutions. WES does not evaluate professional experience. WES evaluations are based upon the best information and resources available to professional evaluators. WES evaluations are offered as non-binding advisory opinions.

Credential Authentication: Evaluations prepared by WES specify the manner in which each document was authenticated. WES authenticates academic records by one of the following methods. The method used depends on what is appropriate for the specific country and level of education.

- by requiring that official transcripts be sent to WES directly by the institutions or examination bodies that issued them;
OR
- by requiring that official transcripts be authenticated by the relevant government authority (e.g. Ministry of Education) before being sent directly to WES;
OR
- by verifying documents submitted by individuals by sending them back to the institutions/examination bodies that issued them and obtaining a written confirmation of their authenticity.

Detailed country-by-country document requirements can be viewed at www.wes.org/ca/required/index.asp

Grades/ Quality Points: WES uses an alphabetic system to identify grades. The standard WES conversion of letter grades into a numerical scale/quality points is as follows: A = 4.00; A- = 3.67; B+ = 3.33; B = 3.00; B- = 2.67; C+ = 2.33; C = 2.00; C- = 1.67; D+ = 1.33; D = 1.00; F = 0; F* = (see below); R* = (see below)

- “F*” indicates a course that was failed initially, but passed on a subsequent attempt. It is not included in the GPA calculation.
- “R*” indicates a course that was passed initially, but was retaken for grade improvement. It is not included in the GPA calculation.
- “Pass” is not included in the Cumulative Grade Point Average. For study completed at the undergraduate level, it corresponds to at least a “C” in Canada. For graduate and professional study, “Pass” corresponds to at least a “B”.

Grade Point Average (GPA) is calculated by multiplying the credits per course by the quality points for the grade for that course, repeating this procedure for each course, totaling the credit hour quality points thus obtained, and dividing by the total number of credits.

Course Level Designation: The designation “U” (upper) or “L” (lower) for a course at the undergraduate level is an indication of its level.

Credit Recognition and Transfer: The course-by-course analysis represents a breakdown of post-secondary study in terms of Canadian semester credits and grade equivalents. One semester credit is equal to one lecture hour each week of the semester. The number of credits accepted for transfer to a degree program or towards a professional license in Canada may vary from those listed in this report in accordance with the policies of the receiving educational institution or licensing body.

Evaluations for Professional Licensing/Certification: WES does not assess professional aptitude or experience. Only authorities qualified in the profession can determine whether an individual meets requirements for licensing or to practice the profession in Canada.
